We do things differently at Eira – *forget about fixed routines!*

*Study for life, don’t live to study!*
Study skills day
Why?

Students think that

- they do not know their own study skills
- they do not have enough knowledge of study skills
- there is not enough time for study skills during regular lessons

To find a learning strategy that really works is vital. I learn best by taking notes and listening to teachers.

• exchanged ideas
• came up with new innovations
• laughed and had a great time with their fellow students at karaoke and speed dating organized by the Student Union.
